most noticeable that a Democratic land swell is about due.

In Kentucky the fight has been more bitter in some respects than in any other State this year. Governor Beckham, Democrat, who succeeded to the office when William Goebel was assassinated in 1800, has made a memorable canvass for election to the office he came into by reason of his being lieutenant-governor. He has been helped greatly by the fact that during his administration the State has been freed of debt, but a number of old line Democrats, including General Simon Bolivar Buckner, will support Morris Belknap, his Republican opponent. Still, Beckham's election and the election of a Democratic majority to the Legislature is fairly certain.

CLOSE STRUGGLE.

End of New York Campaign Finds Both Sides Confident.

(By Associated Press.)

NEW YORK, Nov. 2.-With every indication of a close struggle to-morrow, the evo of battle finds the leaders of fusion and Tammany loud in their predictions of overwhelming triumph. So confident is Charles F. Murphy in his estimate of 100,-600 plurality for McClellan, based on the returns of all his district leaders, that to-night he issued orders to go ahead with

cleans be plurality at \$5,300, being 73,000 in Manhattan and the Bronx, 5,000 in Brooklyn, 5,500 in Queens and 1,800 in Rechmond.

While abating nothing in confidence, the Fusionist leaders claim more than 30,000 plurality for Low, although it is said that their closest estimates point to a majority of about half that figure. The Fusionists pin their faith in victory on their ability to carry Brooklyn by at least 25,000, which, with estimated plurslities of 8,000 in the Bronx and 2,000 in Richmond and a drawn battle in Queens, will suffice to handsomely offset a conceded plurality of 12,000 for McCleilan in Manhattan.

lan in Manhattan.

Not to lag behind the other contestants in confidence, William S. Devery announces that he expects to poll not less than 45 per cent of the total registered vote. Devery was elated to night when Police Commissioner Greene consented to have his returns telephoned to headquarters with those of Low and McChellan instead of being sent in by messenger with those of the rest of the ided. Considerable interest attaches to the size of the vote that Devery will control and it may have a serious influence on the result. The usual reports of "colonization" on a large scale are still industriously circulated, and the campaign of State Superintendent Morgan to check lilegal votins, which was concluded to day by the summoning of several hundred witnesses to station houses to testify in regard to case of illegal registration, has been the most complete inquisition of the kind ever undertaken in the city. No less than thirty thousand suspicious cases have been investigated out of a total registration of \$22 km, and it is probable that many arrests will be made to-morrow, when every polling place will be under the close scrutiny of the superintendent's deplan in Manhattan.
Not to lag behind the other contestants

is predicted that illegal voting will be reduced to a minimum.

Tammany made its final preparations for the struggis to-night by the distribution of sinews of war to the amount of between \$150,000 and \$200,000 to the district leaders for election purposes.

An interesting minor feature of the situation was the declaration to-day by Deputy Attorney-General T. C. L. Crain that the destruction of the houses of 500 voters in the fire at Coney Island yesterday being "an act of God," could not be used as a pretext for depriving them of the right to vote. right to vote.

lax their active labors until a late hour to-night.

At the respective party headquarters the day was spent by the party leaders sending out final instructions to ward, precinct and county executives, among whom there was a distribution of the customary "campaign expenses" to be used to-morrow. It was a notable circumstance that both sides announced that tuey had "enough money for practical purposes."

It is agreed on all sides that the closing contest has been one of the most stubbornly fought campaigns in the history of Maryland. The predominant feeling with voters and leaders is that the struggle is not merely of State importance, but that it is to have a bearing on the national contest next year. The respective leaders continue to declare their confidence in to-morrow's result.

PROVIDENCE. R. I., November 2.—
The last rally of the campaign was held by the Democrats in this city to-night, and it ended the liveliest campaign since 1892. The State political situation was practically unchanged. The Democratic leaders expect to win by about 2,000 plurality, which is a loss of 5,000 from last year's victory, while Republicans express their belief that Colonel Colt will win by from 5,000 to 7,000 votes.

First among the speakers was Mr. James R. Russell, who made a particularly good speech in support of his contention that the State Committee should be supreme in the party. He attacked the County Committee severely and with reference to his attitude in the campaign, admitted that he had started out a Todd man. But after the State Committee passed upon the controversy, he, though with these proolivities, had to submit. Nert on the programme came Mr. William H. He said the County Committee had been actuated by no higher motive than vindictiveness. He referred to the Ridge Church meeting and declared that Mr. Todd's speech was as mild as a May morning. He did not know what Todd had been saying about him, but he was of the opinion that a man who would assail another behind his back, but would not do so in front of his face, was not fit to be trusted with any office.

In response to Joud calls, Mr. Coursey E. Sands also spoke. He made a very effective talk and got the crowd to cheering. He referred to Todd and Hechler as the tales gods set up and declared there was a Hechler-Todd conspiracy to beat Brauer. He brought up the matter of annexation and said the county would need the assistance of the Siate in the coming Legislature to prevent the development it so narrowly escaped last time.

Mr. Barkedale received a great owation, and his address from end to end was loudly cheered. According to all accounts the speech was the best he delivered in the entire campaign. The Senator went over the ground thoroughly again and discussed the issue in all its phases. He said he came down to speak for the Democratic party, not to shoot snow birds and sparrows like Hechler and Todd. He said he was not to be deterred by the howls of hoodiums or the brays of jackasses. INTERESTING QUESTION AS

At a regular meeting of the Cemeteries Committee vesterday evening a very interesting question came up.

The committee received a petition from Mr. J. R. Macmundo, setting forth that the certificate in the section in Shocked Hill Cemetery, sold to Jefferson E. Tries in October, 1823, had been lost and requesting the lesue of a new certificate in the name of Mrs. Mary E. Anderson. It appears that Mr. Trice left two children, and both being dead Mrs. Anderson, who is the widow of David Merriweather Anderson, a nephew of Mr. Trice, seeks to have the section transferred to her as the nearest of kin to the original owner.

The law regulates the Issuance of certificates to sections by the City Treasurer, but in this case Mr. Phillips declined to assume the responsibility of the transfer estried.

The committee is in doubt as to their legal right to authorize the transfer, and the maiter now goes to the City Attorney for information and advice as to procedure in such cases.
